

## **Ampex Data Systems Quality Policy Statement**

It is the policy of Ampex Data Systems to provide total satisfaction to our Customers by clearly understanding their needs and delivering products and services that meet or exceed their requirements at competitive prices and with a commitment to continuous improvement in on time delivery and defect reduction.

We will meet this requirement by providing our Associates with ongoing training and empowering them to continuously improve the state of the art of our products and every aspect of our organization.

**Jim Orahood  
General Manager**
